Sometimes IP addresses and information from cookies are processed outside the European Economic Area, and in this case, we guarantee that they are processed in accordance with the requirements of the Information Protection Act.

If you want to learn more about the cookies used in Google Analytics, you should go to the link below:

### Yandex.Metrics service.

The Yandex.Metrics service uses cookie technology. The information collected by the cookie can not identify you, but it can help us improve our site. Information about the use of this site by you, collected with the help of a cookie, will be transferred to Yandex and stored on the Yandex server in the EU and the Russian Federation. Yandex will process this information to evaluate the use of your site, compiling reports on the activities of our site, and providing other services. Yandex processes this information in the order established in the conditions of using the Yandex.Metrics service.

You can opt out of using cookies by selecting the appropriate settings in the browser. Also you can use the tool: <https://yandex.ru/support/metrika/general/opt-out.html> .
